#### Death of Henry W. Stevens.

Henry W. Stevens died in the hotel at North Troy, early Thursday evening. He arrived at the hotel about six o'clock and was unable to eat much supper, complaining after the meal of feeling cold. Very soon after he went to his room. On entering the room it was found that Mr. Stevens had fallen on the bed and was breathing peculiarly. A doctor was hastily summoned but was powerless to aid the stricken man. In about an hour he passed away. Mr. Stevens was born in Peacham 65 years ago, and later lived in Hardwick. He married Miss Mary P. Jordan of East Hardwick. The children born to the union were Mrs. J. H. Wilson of Fair Haven and an unmarried daughter. A brother, John Stevens, is an eminent lawyer of Peoria, Ill.; a sister, Mrs. Seth Hopkins, is living in Lisbon, N.H., and another, Mrs. Gates, in Lebanon, N.H. The family home is in Johnson, where Mrs. Stevens and daughter mentioned are residing. For 35 years Mr. Stevens had been in the service of C. H. Cross & Son of Montpelier as a traveling salesman, and during this period he had not lost, in the aggregate, six months in time. ### Fertilizing Salt.

Every plant of it was killed by the application of 3,000 pounds per acre and the weight of the grass was nearly doubled." Fertilizing Salt can be obtained of C. S. ### Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Death of Mr. Wallace.

John Wallace, a native of this town and a well known citizen, died suddenly at his home in this village Sunday morning, Nov. 22. His father, William Wallace, came from Scotland in 1801, and settled in 1818 on the farm where he died in 1877. His mother was Marion, daughter of Gen. James Whitlaw of Ryegate, and granddaughter of Col. Robert Johnston of Newbury, so he was related to many prominent families in both towns. He was born July 29, 1821, and married Mary A. Laton in 1845. Their five children, all living, were born here, and he was a farmer in Newbury till 1868, when he removed to Iowa and engaged in business. In 1897 he sold out, and they returned to their native town to spend their last years. Mrs. Wallace died last year. John Wallace was a worthy man, held in respect by all who knew him; a man of good judgment and extensive information; of a kind and winsome disposition, having a host of friends who will miss him in his home, in

their homes, and in his place at church. Mr. Wallace was a very skillful performer on the violin, having been taught in his youth by Willie Brock, the noted musician of Ryegate. After his retirement from active business he took life leisurely and looked about 20 years younger than he really was. His sudden death, succeeding a shock the day before, deeply affects the entire community. The funeral services will be held in the Congregational church this afternoon. F. F. W.
